

# Cherish Barrier Cream Cloths

## Providing extra care for little one's delicate skin.

Use of our Cherish Barrier Cream Cloths provides skin caring properties. These large, thick, soft cloths have been designed to provide easy application of our gentle but caring moisturising barrier formulation onto delicate skin.

### Glycerin

- Enriched for accelerating the healing process
- Effectively hydrates and moisturises skin keeping it soft and supple
- Anti-irritant
- Promotes skin's natural repair function

### Aloe Vera

- Soothing
- Reduces skin inflammation
- Aids healing of skin irritations
- Antioxidant properties

### Dimethicone

- Made up of large molecules – making it particularly effective at locking in moisture
- Acts as an effective transparent, breathable skin barrier protectant against nappy rash and dry skin patches
- Its fluid properties improve skin texture leaving it feeling soft and silky
- Provides deep hydration
